AGENT INSTRUCTIONS

Preparing Rates for a Health Client

- Choose rate area for the county in which the primary insured resides.
- Choose rates for the appropriate plan.
- Choose the appropriate plan deductible.
- Use the rate for the actual age at the time of application for the primary insured/member. When rating a couple or family, you may use the youngest aged spouse as the primary insured/member.

Age Change Adjustments:

Premiums are adjusted, effective the first of the month following a primary insured/member's birthday, if the age change moves the individual into a new age bracket. This adjustment is made automatically, regardless of the premium mode or rate guarantee period. A billing notice will be sent if the correct amount was not collected when the application was taken.

Area Change Adjustments:

Premiums are adjusted, effective the first of the month following a primary insured/member's move to a new rate area. This adjustment is made automatically, regardless of the premium mode or rate guarantee period. A billing notice will be sent if the correct amount was not collected when the application was taken.

Rating Children:

- If you are writing a child or children on the same certificate with a member or family, use the appropriate "with Child" or "with Children" rates. ("with Children" includes all eligible dependent children listed on the application.) "Self" category reflects rates for one adult person.
- When writing a child or children on a separate certificate, use appropriate rate for "1, 2 or 3+ Children." Children 18 or over are ineligible for "Child(ren) Only" certificates regardless of student status.

Premium

- Add \$3.00 to monthly plan premium for required Life and AD&D benefits. (No Life/AD&D on "Child(ren) Only" certificates or on Health Net's CashNet Supplemental Medical Expense Plan.)
- For monthly billing mailed to an address add \$5.00/month service fee. (No fee for billings by monthly EFT.)

An initial premium amount corresponding to the payment mode selected must accompany the application. If the monthly EFT mode is selected, the initial premium amount with the application should equal 2 months premium to allow time for the financial institution to set up the automatic withdrawal.

- Add one-time \$5.00 Rural Health Department Membership Fee to the first premium (per each certificate). Include this fee with the premium check payable to Health Net.

Premiums are subject to change.

Modified Issue

An applicant who might normally not be able to obtain coverage, may qualify at a higher premium. Modified Issue premiums are calculated by multiplying the premium shown in the rate guide by the rate adjustment factor (RAF) of 1.2 or 1.5.

Farm Bureau Membership Information

This program is available only to California County Farm Bureau members.

- If applicant is not already a county Farm Bureau member, include Annual Farm Bureau dues with application. (See Annual Membership dues at right.)
