**DIRECT REFERRAL DENTAL PLAN\* SmileSaver 400 North**

**Principal Benefits and Coverages:** The following services are the principal benefits to which Members are entitled. Only these procedures are provided for, either partially or totally by the Plan. The Member may be responsible for a co-payment for these procedures. Please reference your Evidence of Coverage to fully understand what is meant by Coverage for a given procedure. If a service is requested and provided to a Member and the procedure is not listed in this Schedule of Benefits, the Member shall pay the dentist his or her usual and customary fee for the treatment received. There may be some procedures that are listed in this document that may not be available at all locations due to individual dentist's scope of practice.

**Other Charges:** The Member is responsible for the Co-payments for services listed in the following Schedule of Benefits. Services not listed will be billed to the Member at the dentist's usual and customary fee (U&C).

**Specialty Care Information:** During the course of treatment, your SafeGuard selected general dentist may recommend the services of a dentist whose practice is limited to specialty care. Your selected general dentist may refer you directly to a contracted SafeGuard specialty care provider for covered endodontic, oral surgery, pedodontic and periodontic services under this plan; no referral or pre-authorization from SafeGuard is required. \*Prior authorization from SafeGuard is required for orthodontic referrals. If you choose to receive services from a SafeGuard contracted specialty care provider, your responsibility will be the listed co-payment amount or 75% of that provider's usual fee for those services.

**Pedodontics:** Pedodontic services are available at a Specialist at special reduced fees for children under the age of six (6) when referred by the Participating General Dentist.

◆ If you choose to receive this service from a SafeGuard contracted specialty care provider (periodontics, oral surgery, endodontics, pedodontics, orthodontics), your co-payment will be 75% of that provider's usual fee for this service.

## Principle Exclusions and Limitations on Benefits

### Limitations

The limitations listed below apply to your dental plan. However, you may elect to have any treatment performed at the dentist’s regular fee:

1. Services performed by a general dentist or specialty care dentist, not contracted with SafeGuard, without prior approval by SafeGuard (except for out of area emergency services).
2. Major restorative work (i.e., crowns, bridgework or dentures) requires a six (6) month wait from the current effective date of coverage for the member (patient). These procedures are noted in the Schedule of Benefits with an asterisk.
3. Routine and periodic examinations are limited to two (2) per twelve (12) months, per enrolled Member.
4. Routine prophylaxis procedures are limited to two (2) per twelve (12) months.
5. Bitewing radiographs (x-rays) in conjunction with periodic examinations are limited to one (1) series of films in any twelve (12) consecutive month period. Full mouth radiographs (x-rays), in conjunction with periodic examinations, are limited to once every three (3) years. Panoramic films are limited to once every three (3) years.
6. Fluoride treatment is limited to enrolled Members under the age of eighteen (18) years, and two (2) per twelve (12) months.
