Anthem Extras Packages

Benefits that complement your Medicare Supplement plan

Packaged benefits — better together

Healthy teeth and eyes help contribute to your overall well-being. That's why Anthem Blue Cross (Anthem) created Anthem Extras Packages – with your overall health in mind. We offer three packages to complement your Medicare Supplement plan – and help you reach for better health. Our Standard, Premium and Premium Plus packages offer valuable benefits and services, such as:

- › Packaged dental and vision coverage that offers extra preventive benefits
- › Support services and tools to help you maintain good overall health and well-being

And best of all, these packages are available for a monthly plan premium ranging from \$23 to \$63. The benefits in each package will roll up to one overall premium, and you will receive one ID card for all of these services.

Interested in dental coverage only?

Good news. Our Premium Plus Dental plan, which is part of the Premium Plus Package, can be purchased on a stand-alone basis.

Why Anthem?

You know us as one of the largest health benefits providers in the country – but did you know that we are also among the leading dental and vision companies in the nation? So, in addition to great benefits, you'll have extra peace of mind knowing that you're covered by a trusted company with financial stability and lots of experience. From A to Z, we make it easier to manage your benefits and possibly even save you money.

Dental coverage

Considering that more than 90% of all systemic diseases produce oral signs and symptoms,¹ it's important to have dental benefits that can help impact your overall health, such as:

- › Coverage for diagnostic and preventive care – which can be key to good long-term oral health
- › Third cleaning or periodontal maintenance procedures are covered for diabetic members on all of our Anthem Extras Packages plans

And, for your convenience, you'll have:

- › Access to nearly 60,000 dentist and specialist locations across the country – more than 20,000 in California alone.
- › Freedom from paperwork – network dentists file claims, and there are no referrals needed

Plus, you will automatically have access to the International Emergency Dental Program administered by DeCare Dental, a wholly owned subsidiary of the parent company of Anthem Blue Cross. With this feature, you have access to emergency dental care while traveling nearly anywhere in the world from our listing of credentialed dentists.

Is your dentist in the network?

To see if your dentist is in our current network, visit our website, www.anthem.com/ca. When prompted, choose the Dental Blue 100 network.

If you prefer, you can contact our customer service center at 1-888-211-9813 for assistance.

You might pay more when you visit an out-of-network dentist

Your plan lets you choose any dentist, whether or not that dentist is part of our network. But you may end up paying more for a service if you visit an out-of-network dentist.

Here's why: **In-network dentists** have agreed to payment rates for various services and cannot charge you more. On the other hand, **out-of-network dentists** don't have a contract with us and are able to bill you for the difference between the total amount we allow to be paid for a service – called the “maximum allowed amount” – and the amount they usually charge for a service. When they bill you for this difference, it's called “balance billing.”

How we decide on maximum allowed amounts

The amounts we pay for dental services are based on a “fee schedule” (for example, the fee schedule may show that we will allow no more than \$50 per filling or \$25 for an office visit). The fee that Anthem pays for each out-of-network service is called the “maximum allowed amount” for that service. The maximum allowed amount is determined in one of the following ways:

- › Out-of-network dental fee schedule/rates developed by Anthem*
- › Information provided by a third-party vendor that gathers similar costs for dental services
- › In-network dentist fee schedule

*These schedules may be updated based on things like reimbursement amounts accepted by dentists contracted with our dental plans, or other industry cost, reimbursement and utilization data.

Here's an example of higher costs for out-of-network dental services

This is an example only. Your experience may be different, depending on your insurance plan, the services you get and who provides the services.

Ted gets a crown from an out-of-network dentist, who charges \$1,200 for the service and bills Anthem for that amount.

Anthem's maximum allowed amount for this dental service is \$800. That means there will be a \$400 difference, which the dentist can balance bill Ted.

Since Ted will also need to pay \$400 coinsurance, the total he'll pay the out-of-network dentist is \$800.

Here's the math:

- > Dentist's charge: \$1,200
- > Anthem's maximum allowed amount: \$800
- > Anthem pays 50%: \$400
- > You pay 50% (coinsurance): \$400
- > Balance you owe the provider: $\$1,200 - \$800 = \$400$
- > Your total cost:
\$400 coinsurance + \$400 provider balance = \$800

In the example, if Ted had gone to an in-network dentist, his cost would be only \$400 for the coinsurance, because he would not have been balance billed the \$400 difference.

Vision coverage

Regular eye exams can often help detect, early on, some major health conditions like diabetes and cardiovascular disease. And early detection can mean lower health care costs, and – most importantly – a healthier you! That’s why our vision plans include:

- › Access to a broad, convenient, network of more than 50,000 independently contracted vision providers and provider locations across the country
- › The network is comprised mainly of independent optometrists and ophthalmologists. But for added convenience, our vision network also includes national retail locations such as LensCrafters®, Sears OpticalSM, Target Optical® and JCPenney® Optical
- › Prescription eyewear that is delivered quickly – in as little as an hour in some retail locations

Benefits vary by package, but all packages include eye exams, as well as allowances for eyeglass frames and lenses and contact lenses.

Save even more

Even after benefits have been exhausted, additional savings are offered for noncovered materials such as extra pairs of eyewear, a number of nonprescription sunglasses, and other popular accessories. You can save 15%-40% by taking advantage of this unique option. And to add even more value, there is no limit to the number of purchases you can make using the Additional Savings program.

Easy-to-use benefits

Your out-of-pocket expenses may be lower, and you can avoid paperwork hassles when you visit network vision providers. In-network providers verify your benefits, and get the information they need to file claims for you. All you need to do is:

- › Make an appointment with an in-network provider
- › Present your ID card at the time of service
- › Pay any applicable copays and any balance for noncovered services

Here when you need us

We are committed to providing excellent customer service. In fact, our customer service hours are among the longest in the industry. We provide customer service seven days a week, and you’ll speak with well-trained representatives dedicated to your vision benefit support.

Find a vision provider in the network

To see if your vision provider is in our network:

- › Visit www.anthem.com/ca
- › Click on **Find a Doctor**
- › Select the “In your local area?” button labeled **All Doctors & Facilities**

- › Choose the Blue View Vision network
- › Complete your search criteria, and get your results

Travel assistance

What would happen if you got sick in another country? Who would you call if you couldn't speak the native language? With travel assistance, you'll get extended service 24 hours a day, seven days a week, no matter where life takes you.

If you have an emergency medical situation while traveling abroad, simply call our assistance coordination line from any country to:

- › Coordinate and pay for medical evacuation to the nearest appropriate treatment facility or back home when medically necessary
- › Schedule a bedside visit for a family member or friend if you are hospitalized for more than seven days, or if you are in critical condition
- › Access health-related travel planning information and receive assistance in replacing lost prescription medications or contact lenses while traveling
