You could be earning easy commissions from a market you never considered - international medical insurance. Chances are, you have clients who will soon be traveling abroad and their domestic coverage won't be enough. Don't let your clients leave their medical care to chance. **International Medical Group®** has been offering insurance products to travelers and international citizens since 1990, and can provide you and your clients with the world class service you deserve.

Opportunity May Already Be at Your Door

Chances are, you have clients who will soon be traveling internationally and their domestic coverage won't be enough. You could be earning easy commissions on a product that many of your clients already need - international medical insurance through International Medical Group® (IMG®). We have been offering insurance products to travelers and international citizens since 1990.

Here are some examples of clients you may already have who need your help:

- International vacationers
- Graduating seniors going to Europe
- 65+ traveling that Medicare may not cover
- Missionaries-groups or individuals
- U.S. firms sending executives abroad
- Relatives visiting from overseas
- Families sponsoring exchange students

Do You Have Clients Traveling Abroad?

When your clients travel internationally, do they have the medical coverage they need away from home? The truth is, their domestic insurance plan may not travel with them. Don't let your clients leave their medical care to chance. Offer them international medical insurance through International Medical Group® (IMG®).

We have been offering international products and services to overseas travelers since 1990. IMG is available 24 hours a day for medical emergencies, helping your clients through language and currency barriers when they need it most.

INTERNATIONAL MEDICAL GROUP

ARE YOUR CLIENTS TAKING THEIR BUSINESS GLOBALLY?

International employers face unique obstacles in providing medical benefits to their employees around the globe. You can help by offering them GEOSM Group through International Medical Group[®], a plan specifically designed for employers who need coverage for their internationally-assigned employees.

HIGHLIGHTS

- ▶ A minimum of three employees is all that is required
- ▶ A variety of deductible options are available
- ▶ Maternity is treated the same as any other illness
- ▶ Optional dental, life (required for 20 or less), and daily indemnity

By carving out the international portion of their organization, employers can limit their exposure while providing benefits to their employees around the world.

BENEFITS TO THE EMPLOYER

- ▶ Rates are less expensive than those of most domestic carriers
- ▶ Includes international benefits not normally found in a domestic plan
- ▶ Provides the mobility of moving from one country to another

GEOSM GROUP
