

Lumenos HIA Plus Plan Summary

The Lumenos® HIA Plus plan is designed to empower you to take control of your health, as well as the dollars you spend on your health care. This plan gives you the benefits you would receive from a typical health plan, plus health care dollars to spend your way. And, to help offset your out-of-pocket health expenses, you can earn additional dollars for your health account by taking certain steps to improve your health.

Your Lumenos HIA Plus Plan

First - Use your Health Account to pay for covered services:

Health Incentive Account Plus

With the Lumenos Health Incentive Account (HIA) Plus plan, you receive an **annual allocation** in your health account. Money in your health account is used to help meet your annual **deductible responsibility**.

Health Account Allocation

\$500 individual coverage	\$1,000 family coverage
---------------------------	-------------------------

Account allocations will be made quarterly. \$125 per individual; \$250 per family will be allocated to your account each quarter, with the first allocation available on your plan start date. Unused dollars roll over year to year.

Earn More Money for Your Account

What's special about your HIA Plus plan is that **you may earn additional funds for your health account** through Healthy Rewards.

Healthy Rewards

If you do this:	You can earn this in your health account:
Complete the Health Assessment online	\$50
Enroll in the Personal Health Coach Program	\$100
Graduate from the Personal Health Coach Program	\$100
Complete our Smoking Cessation Program	\$50

Plus - To help you stay healthy, use:

Preventive Care

100% coverage for nationally recommended services.

Preventive Care

No deductions from your health account or out-of-pocket costs for you as long as you receive your preventive care from an in-network provider. If you choose to go to an out of network provider your deductible or Traditional Health Coverage benefits will apply. Covers nationally recommended preventive care services including screenings and immunizations for children and adults.

Then -

Your Bridge

After you use all of the money in your health account, you then pay a Bridge amount out of your pocket until you meet your annual deductible responsibility.

Your health account dollars plus your Bridge amount add up to your annual deductible responsibility.

Health Account + Bridge = Deductible

Bridge

In-Network Providers	Out-of-Network Providers
\$2,000 individual coverage	\$2,000 individual coverage
\$4,000 family coverage	\$4,000 family coverage

If needed -

After your Bridge, the plan pays:
 100% for in-network providers 70% for out-of-network providers

Additional protection:

For your protection, the total amount you spend out of your pocket is limited. Once you spend that amount, the **plan pays 100% of the cost for covered services from in-network providers** for the remainder of the plan year.

Annual Out-of-Pocket Maximum

In-Network Providers	Out-of-Network Providers
\$2,500 individual coverage	\$5,000 individual coverage
